

MUHAMMAD AAYAN SHAIKH

Karachi, Pakistan | 0331-9761532 | aayanshaikh8426@gmail.com | github.com/M-Aayan | linkedin.com/in/muhammad-aayan-shaikh

PROFESSIONAL SUMMARY

BSCS student (4th semester) with hands-on skills in HTML, CSS, JavaScript, Git, and GitHub, and a strong interest in UI/UX and graphic design using Figma and Canva. Trained at Saylani Mass IT Training and Coursera-certified in Prompt Engineering. Built independent projects including a JavaScript learning platform, a todo app, and a calculator. Seeking an entry-level role in web development or graphic design.

TECHNICAL SKILLS

Web: HTML5, CSS3, JavaScript (ES6+)

Design: Figma, Canva, Photoshop (Fundamentals), Responsive & Mobile-First Design

Tools: Git, GitHub, WordPress (Basic), MS Office, Google Workspace, AI Tools

Currently Learning: React.js, Backend Development, Design Software

Languages: Urdu (Native), English (Intermediate)

EDUCATION

Bachelor of Science in Computer Science (BSCS)

2025 – Present

Currently in 4th Semester

Intermediate in Computer Science (ICS)

2024

Govt. Superior Science & Commerce College, Karachi | Grade: A

CERTIFICATIONS

- Introduction to Programming — Saylani Mass IT Training
- Prompt Engineering — Coursera

PROJECTS

JavaScript Practice Hub

2025

- Built a learning platform for JS beginners, pairing each topic with a mini-project so learners practice as they go
- Organized content into topic-wise folders on GitHub so students can browse and learn directly from the repo

Todo App

2025

- Built a fully responsive todo app with add, delete, complete, and update functionality
- Implemented light/dark theme with local storage, persisting both tasks and theme preference across sessions

Calculator

2025

- Built a functional calculator handling core arithmetic operations with clean, responsive UI

Xbox Landing Page UI Recreation

2024

- Recreated the Xbox landing page in Figma, applying modern UI/UX design principles
- Demonstrated ability to analyze and replicate professional-grade design systems

ADDITIONAL INFORMATION

- Able to multitask and manage several deliverables at once without losing quality
- Uses AI tools to speed up workflow and deliver work fast, without compromising professionalism
- Open to IT support, QA, frontend, or graphic design entry-level roles
